### Summary

---

Seeking a Landscape Engineer position where I can apply my experience in softscape works, irrigation systems, and plant care, while utilizing my strong background in quality control and site supervision to deliver high-quality and sustainable landscape projects.

### Professional Experience

---

**Landscape Engineer, ViewScope** 02/2026 – Present  
New Cairo, Egypt

- Supervise softscape works including planting, turfing, and soil preparation
- Coordinate with irrigation and hardscape teams to ensure proper execution
- Select suitable plant species based on climate and project requirements
- Monitor plant health and ensure proper maintenance practices
- Ensure work is completed according to drawings and specifications

**Quality Engineer & Production Coordinator, Ram Foods** 10/2025 – 01/2026  
10th of Ramadan, Sharkia

- Conducted quality inspections on raw materials, in-process production, and final products
- Ensured compliance with quality standards and food safety requirements
- Identified defects and implemented corrective actions
- Oversaw materials in the store to ensure proper availability and usage
- Checked product sizing and specifications to meet required standards

**Poultry Engineer, private farms** 02/2025 – 04/2025  
Faqus, Egypt

- Monitoring vital processes in farms, including feeding and vaccination.
- Providing environmental conditions for poultry Monitoring and observing the health and general condition of poultry

**Production Line Operator (Promoted to Quality Control), Halwani Brothers Food Industries** 2020 – 2024  
10th of Ramadan, Egypt

- Handled products along the production line, including sorting, packing, and packaging
- Ensured products were properly packed according to company standards
- Monitored packaging quality to prevent damage or defects
- Inspected products before and after packaging to ensure quality standards
- Identified defects and removed non-conforming products
- Ensured compliance with food safety and quality requirements

### Internships

---

**Irrigation systems and landscaping, TMG** 08/2023 – 09/2023  
Madintey, New Cairo

- Assisted in the maintenance of irrigation systems

**pesticide applicators, Directorate of Agriculture – Ismailia** 02/2022 – 02/2022

- Followed environmental and safety regulations during all applications
- Used spraying equipment (manual and mechanical) efficiently
